

# Dinex webshop upgrades are here!

Discover enhanced features designed to simplify your shopping and ordering process.

All You Need From Turbo To Tailpipe

## Webshop by Dinex

### Export Data for ERP Systems

Effortlessly export part details, prices, and more to integrate with your ERP systems for smoother business operations.

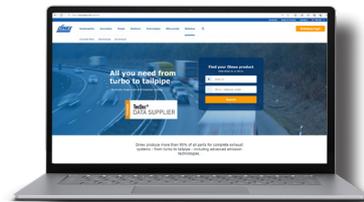

### Country-Specific URL Redirection

Always land on the right site! Ensure you're seeing the correct warehouse status and stock availability based on your location.

### Exciting New Updates Coming Soon

Stay tuned for updates that include localized news feeds and quicker access to the latest parts—designed to make your experience even better!
