

# Supply Chain Director

Pune, India

going the extra mile

## Dinex GROUP

The Dinex Group is a leading global manufacturer and distributor of innovative engineered gas and diesel exhaust aftertreatment emission solutions for the heavy duty truck, construction & agricultural vehicle industry.

Every day our products and technologies clean the exhaust gas from millions of vehicles worldwide in compliance with the most stringent emission legislations, such as EURO VI and EPA10, and with solutions in place for carbon-neutral fuels and Power-to-X applications, Dinex is a part of a green, climate-neutral future for next generations.

The Dinex Group, headquartered in Denmark, operates through 20 companies and 2,000 dedicated people worldwide. Dinex is present in 16 different countries, 4 regions, with 6 global tech centers and facilities in Denmark, USA, India, China, Russia, Turkey, UK, Finland, Germany and Latvia. Additionally, Dinex has sales and distribution companies in Spain, Italy, France, Germany, UK, Poland and Serbia.

## Supply Chain Director at Dinex Group

Do you want to lead a complex supply chain spanning across two divisions, 4 continents with vastly different market requirements requiring keen supply chain skills to enhance delivery performance while balancing inventory? Dinex Group, a leading supplier of exhaust and emission systems, is looking for a skilled and committed person to lead the global supply chain department.

Position will report to Group COO in Dinex's Headquarter Denmark.

## Supply Chain at Dinex

The supply chain in Dinex covers distribution, warehouse, logistics, planning and purchasing, as well as the sales & operations planning process, which also includes the stock controlling This is managed through group and local teams across the world.

The aftermarket is heavily driven by demand planning and inventory management for the European and US markets. The OEM market is driven by high on time delivery requirements directly to factory floors of our customers.

Dinex has project in pipeline to expand aftermarket business in Asia and South America in upcoming years.

## Qualifications

As Dinex we promote diversity and inclusion, so while hiring process preference will be given to Women candidates. We focus

only on the below qualifications when we review applications:

- Minimum 15 years of experience within supply chain management preferably within the automotive industry
- Bachelor's degree in supply chain management or equivalent (engineering/commercials), having MBA in planning, logistics or supply chain will add advantages
- Experience working in matrix organizations with international working exposure
- Well-trained leader who understands to promote team members performance through coaching, visibility and constant motivation with high process discipline
- Strong business mindset and experienced in navigating through KPI's objectives with lines directly to Dinex' strategies with Digitalization in focus
- Outstanding organization and communication skills with participative management style. Preferably also experience within board communication
- Fluent in oral and written English

## **Roles & Responsibilities**

- Creating and executing the global supply chain strategy in accordance with Dinex overall vision with the global supply chain team within the AEM and OEM Division
- Setting the structure and organization for the supply chain department to ensure alignment with the strategy
- Ensuring the supply chain meets the target KPI's set within; OTD, availability, stock turn, savings, and more
- Sponsoring strategic supply chain projects
- Creating an environment of development within the supply chain organization to ensure continuous improvement of capabilities, through the process house and focus on skills development
- Ensure that supply chain resilience is created through network and supplier planning in addition to securing back-to-back contract coverage in cooperation with sales and procurement

- Increase level of digitization within logistics, warehouse, customer service and planning to increase productivity and ensure higher visibility in the supply chain
- Global owner of the Sales & Operations Planning process to ensure continuous alignment of supply, inventory and demand to enable profitable growth
- Create a global process structure and framework for all supply chain processes vertically and horizontally

## Career Perspectives

For the right applicant we offer a challenging and rewarding supply chain position, which will put your skills to the test. Additionally, growth in competencies, personality, and a career opportunity nationally as well as globally.

With the right attitude, potential and willingness, you will experience Dinex as a company with strong values and high professionalism. Last but not least, we see an attractive future ahead of us, and you will be part of a company that is at the forefront of the sustainability agenda.
