

One World One Solution

As one of the world's biggest OEMs, Daimler demonstrated true innovation with the Global AfterTreatment System (GATS): One and the same emission solution for European Euro VI and American EPA21 trucks. Now, Dinex is also ready, with One DPF that fits them all.

going the extra mile

All You Need From Turbo To Tailpipe

Particulate Filter for Actros & Arocs MP5 (2021)

Type Approved Quality

As always, Dinex Euro VI emission technology comes with a full Type Approval, and is produced & tested according to OE-specifications. Not to mention: 3 years warranty (2 years for RX version).

OE-grade Silicon Carbide core

Based on our own innovative CHP-SiC ceramic core and proprietary chemical coating, already used by OEMs globally, we ensure performance, durability and fuel efficiency.

Clamps & Gaskets included

Always replace when disassembling for correct fit and performance, but... who remembers? Don't worry: We always include the clamps and gaskets you need, in proper quality.
