

Substrates, Mechatronics and a new Euro 6 Silencer

Product Releases – Q4 2024

going the extra mile

All you need from Turbo to Tailpipe

We're wrapping up 2024 with over 60 new references added to our offering. Check out the new fully serviceable Euro VI silencer for Iveco Eurocargo – the first of its kind in the market – along with 11 new substrates for remanufacturing, including the particulate filter for the innovative Daimler GATS platform. Add to that nearly 40 new sensors, injectors and other AdBlue® components, and you got our most extensive range addition for years.
